NEW INTRODUCTIONS

SPRING 1940

WESTMORELAND GARDENS

7014 S. E. 20th Ave.

Portland, Oregon

All stock offered and sent out is true to name, clean and free from disease. Inspected under Oregon State License No. 563, and all bulbs are carefully inspected at time orders are filled. Any bulbs not proving true to name, or faulty in any way, will be gladly replaced. No thrip.

Orders over \$2.00 sent prepaid anywhere in the United States. On orders less than \$2.00, add 25c for packing and postage.

Terms: Cash with order. All orders accepted subject to prior sale.

DOUBLE VALUE ON EARLY ORDERS

To further introduce our newer originations, we will give FREE with all orders over \$2.00, received before April 15, 1940, your choice of our 1940 introductions or any of our originations priced at \$1.00 or more each, equal to the amount of your order.

With a \$2.00 order you may select one \$2.00 bulb, or two \$1.00 bulbs. On a \$10.00 order you may select one \$10.00 bulb, or two \$5.00 bulbs, or one \$8.00 and one \$2.00. The higher priced bulbs are the best ones, so select quality, rather than quantity. Select only our 1940 introductions or any of our originations (marked *) priced at \$1.00 or more. We will send overcount, or other free bulbs for any part dollar of your total. If you do not make any selections of free bulbs, we will send what we consider the best ones, to the amount of your order.

As our stocks are limited on most of these higher priced varieties, please get your order in early to get the better ones, as we cannot guarantee to send any certain free varieties on orders after April 15th, but will send the best we have left, from stock reserved for this offer.

We do not substitute varieties without your permission, but in order that you receive credit for the full amount of your order, we will, if out of some variety or size ordered, send next size to same value, or extra amounts of others you order. Liberal value given on such change. Please name substitutes if you do not favor the above adjustment. Early orders can generally be filled complete, without any changes or substitutes you may suggest.

TELL YOUR FRIENDS

Westmoreland Glads are what they see blooming in your garden next summer, and if they would like to have some, you send us their name and address. If we gain a new customer in that way, we will send you \$1.00 worth of choice bulbs free, for each \$2.00 worth they order from us. Write names and addresses plainly.

BULBS OF QUALITY

Our customers say our bulbs are the finest, cleanest and best blooming bulbs they ever had. All our bulbs and bulblets have been fumigated and are free from thrip. If you are troubled with thrip, use ROTOTOX, or formula contained in our planting instructions sent with each order, and you will get rid of them. Get Rototox from Rototox Co., 81 Yale St., E. Williston, N. Y.

LARGE bulbs are 1 $\frac{1}{4}$ in. and up to 3 in. diameter, and are generally considered best for exhibition purposes, producing the best flowers on the longest spikes.

MEDIUM size bulbs, over $\frac{3}{4}$ in. to 1 $\frac{1}{4}$ in. give a very satisfactory spike, with florets usually as large as from larger bulbs.

SMALL bulbs, $\frac{3}{8}$ in. to $\frac{3}{4}$ in., are planted for increase rather than blooms, but if planted early, most varieties will bloom.

No. 7—The smallest bulbs, $\frac{3}{8}$ in. and under, although sometimes smaller than bulblets, will give you larger bulbs at digging time. Plant 1 $\frac{1}{2}$ to 2 in. deep.

Three or more bulbs sold at the dozen rate; 25 at the 100 rate. Bulblets per 100 at one sixth of the 1000 price.

OUR 1940 INTRODUCTIONS

New originations selected from thousands of seedlings we have been checking for several years. All new and different, and priced according to their value as determined by beauty of color, form, placement, size, length of spike, amount of stock etc. As soon as stock increases the price will be lowered, according to rate of increase.

Former introductions of our originations are designated by an "" preceding the names. Many of these have taken prizes at flower shows in several states. Some of the newer ones are much superior, and will take the prizes when shown.
